## FORWARD-LOOKING STATEMENTS

Information included and incorporated by reference in this prospectus supplement and the accompanying prospectus contains forward-looking statements that relate to our future performance and plans, results of operations, capital expenditures, acquisitions, divestitures and operating costs, which are made pursuant to the safe-harbor provisions of Section 21E of the Exchange Act and Section 27A of the Securities Act. Because these forward-looking statements involve numerous known and unknown risks and uncertainties, there are important factors that could cause our actual results to differ materially from those in the forward-looking statements, and you should not rely on the forward-looking statements as predictions of future events. Forward-looking statements are based on management's beliefs, assumptions made by, and information currently available to, management that may be incorrect or imprecise and we may not be able to realize them. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "predict," "project," "will," "continue" and other similar terms and phrases, including references to assumptions and forecasts of future results.

Factors which may cause our actual results and performance or future events to be materially different from those expressed or implied by us in the forward-looking statements include, among others, the following:

- national and local economic and business conditions, including the continued negative impact of the current economic environment on overall lodging demand, as well as the potential for terrorist attacks, that will affect occupancy rates at our hotels and the demand for hotel products and services;
- operating risks associated with the hotel business;
- risks associated with the level of our indebtedness and our ability to meet covenants in our debt agreements, particularly in the current economic environment;
- relationships with property managers and joint venture partners;
- our ability to maintain our properties in a first-class manner, including meeting capital expenditure requirements;
- our ability to compete effectively in areas such as access, location, quality of accommodations and room rate structures;
- changes in travel patterns, taxes and government regulations which influence or determine wages, prices, construction procedures and costs;
- our ability to complete acquisitions and dispositions and the impact of such transactions;
- our ability to continue to satisfy complex rules in order for us to qualify as a real estate investment trust, or REIT, for federal income tax purposes and other risks and uncertainties associated with our business described in our filings with the Commission;

## Table of Contents

- our ability to acquire or develop additional properties and the risk that potential acquisitions or developments may not perform in accordance with expectations;
- our degree of leverage, which may affect our ability to obtain financing in the future;
- the reduction in our operating flexibility and the limitation on our ability to pay dividends resulting from restrictive covenants in our debt agreements, which limit the amount of distributions from Host L.P. to Host, and other risks related to restricting covenants in our debt agreements, including the risk of default that could occur;
- government approvals, actions and initiatives, including the need for compliance with environmental and safety requirements, and changes in laws and regulations or the interpretation thereof;
- the effects of tax legislative action;
- the effect of any rating agency downgrades on the cost and availability of new debt financings;
- the relatively fixed nature of our property-level operating costs and expenses; and
- our ability to recover fully under our existing insurance for terrorist acts and our ability to maintain adequate or full replacement cost “all-risk” property insurance on our properties on commercially reasonable terms.

Our success also depends upon economic trends generally, various market conditions and fluctuations and those other risk factors discussed under the heading “Risk Factors” herein and in the accompanying prospectus and under the heading “Risk Factors” in our most recent annual report on Form 10-K and subsequent quarterly reports on Form 10-Q and in our other filings with the Commission that are incorporated by reference in this prospectus supplement and the accompanying prospectus. We caution you not to place undue reliance on forward-looking statements, which reflect our analysis only and speak as of the date of this prospectus supplement or the accompanying prospectus, as applicable, or as of the dates indicated in the statements. All of our forward-looking statements, including those included and incorporated by reference in this prospectus supplement and the accompanying prospectus, are qualified in their entirety by this statement. We undertake no obligation to update any forward-looking statement to conform the statement to actual results or changes in our expectations.

As used herein and in any accompanying prospectus supplement, "Host Marriott," "Company," "our," "us" or "we" refer to Host Marriott Corporation, a Maryland corporation, and one or more of our subsidiaries, including Host Marriott, L.P., a Delaware limited partnership, and all the predecessors, or, as the context may require, Host Marriott Corporation only or Host Marriott, L.P. only. All references to Host Delaware shall mean our predecessor, Host Marriott Corporation, a Delaware corporation.

### **THE COMPANY**

Host Marriott was formed to continue and expand the hotel lodging property ownership business of its predecessors. Host Marriott succeeded to this business as a result of its merger with Host Marriott Corporation, a Delaware corporation, and other restructuring transactions consummated in December 1998 which we refer to as the "REIT conversion." Host Marriott is one of the largest owners of hotels in the world, with ownership of, or controlling interests in, approximately 124 upscale and luxury full-service hotel lodging properties in its portfolio as of June 30, 1999. Virtually all of these properties are leased to subsidiaries of Crestline Capital Corporation, a Maryland corporation and formerly a wholly owned subsidiary of Host Marriott, and are generally operated under the Marriott and Ritz-Carlton brand names and managed by Marriott International, Inc. Host Marriott will make an election to be taxed as a REIT for federal income tax purposes effective for its taxable year beginning January 1, 1999. Host Marriott owns substantially all of its assets and conducts substantially all of its business through Host Marriott, L.P. and its subsidiaries. Host Marriott is the sole general partner of Host Marriott, L.P.

Our principal executive offices are located at 10400 Fernwood Road, Bethesda, Maryland 20817-1109, and our telephone number is (301) 380-9000.

### **NO PROCEEDS TO THE COMPANY**

We will not receive any of the proceeds from sales of the offered shares by the selling shareholders. We will pay all costs and expenses incurred in connection with the offering of the offered shares, other than any brokerage fees and commissions, fees and disbursements of legal counsel for the selling shareholders and share transfer and other taxes attributable to the sale of the common stock, which will be paid by the selling shareholders.

### **SELLING SHAREHOLDERS**

The selling shareholders hold 47,713,875 units of limited partnership interest in Host Marriott, L.P. which they acquired on December 30, 1998 in exchange for properties and assets. We may issue the offered shares to the selling shareholders if and to the extent that they redeem their partnership units and we elect to issue to them shares of our common stock in exchange. The following table provides the name of each selling shareholder and the number of shares of common stock that may be issued to and offered by each selling shareholder. As of June 30, 1999, none of the selling shareholders owns any shares of common stock. All the offered shares offered by a selling shareholder represent shares of common stock that may be issued by us upon the redemption of the selling shareholder's partnership units. The offered shares, if issued, will become eligible for sale pursuant to the following schedule: fifty percent (50%), or 23,856,938 shares, will become eligible for sale commencing on or after July 1, 1999; twenty five percent (25%), or

## Table of Contents

Since the selling shareholders may sell all, some or none of the offered shares, no estimate can be made of the number of offered shares that will be sold by the selling shareholders or that will be owned by the selling shareholders upon completion of the offering. The offered shares represent approximately 21% of the total shares of common stock outstanding as of June 30, 1999, assuming redemption of all outstanding partnership units for shares of common stock.
